Phone: (317) 739-1079 | **Email:** isaacr5439@gmail.com

I'm a software developer with a passion for learning and technology.

#Skills

Front-End	**Back End**	**Source Control**	**Frameworks**
Javascript ES6 / jQuery	PostgreSQL	Git(Git Flow)	Bootstrap
CSS3 / SASS	Ruby	Github	Ruby on Rails
HTML5	Python		
	Heroku		

#Projects

Purrter / Twitter Clone

http://purrter.herokuapp.com/ | https://github.com/iCodeCoolStuff/purrter

↳Created with Ruby / Ruby on Rails.

↳Supports full CRUD functionality.

↳Stores user information and relations using PostgreSQL.

↳Authenticates users and authorizes them to do certain actions using Devise.

↳Supported on most screen sizes with Bootstrap and CSS3 media queries.

↳Deployed using Heroku.

Ultimate Services / Landing Page

https://icodecoolstuff.github.io/ultimate-services/ | https://github.com/iCodeCoolStuff/ultimate-services

↳Entices users with beautiful design.

↳Built using HTML5, CSS3, and Javascript ES6+

↳Custom SCSS styling and customized Bootstrap theme.

↳Accessible to more users with Responsive Design and Semantic HTML.

gcalendar / API Command Line Tool

https://icodecoolstuff.github.io/portfolio | https://github.com/iCodeCoolStuff/gcalendar

↳Created using Python3

↳Interfaces with Google Calendar API.

↳Authorizes users using Oauth2 flow.

↳Saves, Reads, Uploads, and Deletes events.
